

Asian Liver Transplantation Network

Asian Liver Transplantation Network (ALTN) Group Meeting

SCRI Clinical Research Network team, together with Division of Gastroenterology & Hepatology NUHS, launched a new regional research network “Asian Liver Transplantation Network (ALTN)” on 16 October 2016. ALTN currently involves liver transplant specialists from Singapore, Hong Kong, Taiwan, Japan, South Korea, Philippine and Indonesia to facilitate future research on liver transplantation.

The ALTN held its first group meeting on 16 Oct 2016 at NUHS Tower Block. Dr. Kieron Lim , gave a brief introduction about ALTN and its governance. A/Prof Teoh Yee Leong was invited to introduce the partnership between SCRI and ALTN. A potential study was presented by Dr. Lee Guan Huei and Dr. John E Connolly.
