

Singapore Translational Cancer Consortium (STCC)

STCC aims to strengthen the overall impact of cancer research and translation in Singapore by bringing together key basic, clinical and translational teams on joint platforms to actively establish and implement collaborative cancer programmes. The consortium will be under the Ministry of Health Holdings (MOHH) Pte Ltd and anchored by the cancer research programmes and commercialization platforms of STCC's research partners (NCCS, NCIS, NUS CSI and A*STAR).

Database Administrator

STCC is seeking a database administrator who would be working with the leads of the cancer database and tissue bank platform. The administrator shall be responsible for the following:
